Footnote/

Michael Smith's name appears on the front cover of the 2005 EMI Canada release "Just Plain Folk" alongside that of Canadian vocalist John McDermott; however, this release does not qualify as a duo recording. Supported by a band, McDermott supplies the lead vocal on Tracks 1-11, none of which were composed by Smith, while only Michael Smith's voice and guitar are heard on Track 12-16. The latter five songs were composed by Michael Smith.
